Employee of the Month

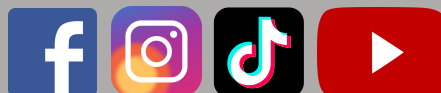

Bailey Benton has been at AMSH for the past 6 months as a Nurse Assistant. Bailey enjoys hula hooping and taking her dog out for car rides. She is the mom to 1 dog, 1 cat, 2 geckos, and a snake. She loves being able to see all the exotics come through the hospital and being surrounded by a team that genuinely cares about her. Bailey's favorite colors are purple and yellow. She likes anything art related and collecting oddities! Growing up, Bailey was raised in Broken Arrow by her amazing Nana along with her brother and sister. AMSH has enjoyed being able to see Bailey grow and become confident as a Nurse Assistant. Her strive to learn has made her a great employee.

Healthy Skin & Coat

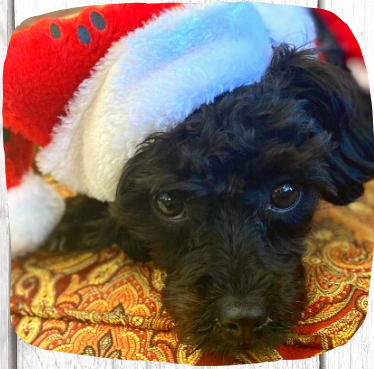

Omega-3 is one of the single most potent supplements you can add to your pets diet. Countless studies show omega-3 fatty acids have wide-ranging positive effects on the health of dogs and cats. Amongst others, omega-3 fatty acids can contribute to brain development, strengthen the immune system, great for skin/ coat health, increase the ability to fight cancer, and benefit heart health. Ask one of our doctors which Omega-V3 Softgel is right for your dog or cat today! Depending on your pets weight, they can take 1-2 capsules per day

Tell a friend about us! When they come and see us, you'll get \$10 towards your next visit and they get \$20 off of their initial visit.

TULSA

CONGRATS TO:
MISS COCO CHANEL
& WHISKEY

BROKEN ARROW

MEET MISS COCO CHANEL

Miss Coco Chanel, AKA Coco Bean, is a 2-year-old Morkipoo. Her favorite person is her mom and loves to have her neck scratched! She enjoys playing with her stuffed soccer ball and starting a game of hide and seek. What gets her most excited is to see her family. Speaking of family, she's been a part of the AMSH family for 2 years and absolutely loves Animal Caregiver, Jenny. Her mom says if she were to have a human career, she would be a therapist because she knows how to make people feel better. She'll even wear rainboots to make you smile! All in all, Miss Coco Chanel's mom says she's so full of love and life and gives without measure. Which she also says is a life lesson; and we couldn't agree more.

MEET WHISKEY

Whiskey, who also goes by Whiskey-a-go-go or Whiskey Business, is a 1-year-old Dudley Lab Mix. Whiskey's favorite person in the entire world is her momma; and she loves a good belly rub. She also enjoys chasing balls and tearing apart toys that have prizes inside of them! Whiskey always looks forward to car rides and enjoys when friends come to visit her. Sometimes she'll run super fast and then slide on her side which makes her mom laugh. Above all, Whiskey considers herself a Summer Lover as she continuously looks forward to playing in the pool. AMSH has been lucky to have known Whiskey since she joined the Sanders family. We can't wait for all of her future visits!
