THE BENEFITS OF ACUPUNCTURE

Acupuncture uses needles to help the body release natural chemicals that stop pain signals. It also stimulates the body to release substances that help fight inflammation, improve wound healing and help nerve regeneration. Here are some conditions that may improve through acupuncture:

- Arthritis and Degenerative Joint Disease
- Gastrointestinal Disorders
- Seizures/ Epilepsy
- Skin Allergies
- Trauma

CHINESE HERBAL MEDICINE

Traditional Chinese Veterinarian Medicine, or TCVM, offers multiple herbal formulas each one made for a different disease pattern. The formulations are based on thousands of years of Chinese medicine and can be a great alternative or additive with pharmaceutical drugs. These prescriptions can be used alone or in conjunction with Western Therapies. TCVM formulas are available in powders, tablets, and even liquids. The combination of acupuncture, herbal therapy, diet, and Western medications work together to relieve many ailments.

EMPLOYEE OF THE MONTH

Josie Shingleton is a part of the animal caregiver team and has been at AMSH since April of 2021. She's a big animal lover with 5 dogs, 1 cat, 3 sugar gliders, and 2 bearded dragons at home! Josie is currently in her senior year of high school and enjoys pottery and figure skating in her free time. Also, when she was younger, Josie used to Irish dance. She even went all the way to London to compete in the World Championships! She truly is a talented human being and we're extremely lucky to have her at our hospital.

SEPTEMBER PETS OF THE MONTH

TULSA

CONGRATS REGGIE AND ZOIE

BROKEN ARROW

GET TO KNOW REGGIE

Reggie, also known as Little Reg, is a 9-year-old pug who enjoys ear scratchies and hanging out with his Dad. When he was just a pup, he used to get stuck in between couch cushions but now his days consist of going to work with his owner. When Reggie is at home, he enjoys playing with his favorite stuffed penguin and snacking on pizza crust. When we asked what Reggie's human career would be, his Dad said it was to be a security guard at a Vegas Nightclub! Little Reg has been coming to AMSH for the past few months. The staff always knows when he's here because of his very distinct breathing! All in all he truly is a treat to be around and we can't wait for his next visit.

GET TO KNOW ZOIE

Zoie, AKA Zoie Bear, is a 9-year-old French Bulldog who loves being the center of attention! Word has it she's waited on hand and foot 24/7 and ends her day just the way she starts it; with a good ol' belly rub from Dad! Zoie loves squeaky toys, milk bones, family visitors, and barking at herself in the mirror. Her Dad says if she were to have a human career, she would be an entertainer! Even when she sleeps she still keeps the attention of everyone by snoring extra loud. With that, Zoie has been coming to AMSH for the last couple of years and the staff always looks forward to her visits. She makes friends with everyone she meets and is an absolute joy to be around.

BOARDING

We offer in-house boarding with a top notch kennel staff here 7 days a week ready to give your pet all the care and love they need while you're away.

GOT FRIENDS?

We appreciate your referrals! Tell a friend about us. When they come and see us, you'll get \$10 towards your next visit and they get \$20 off of their initial visit.
