

Welcome back to Alessandro Animal Hospital

We hope everyone has stayed healthy during these very difficult times. As things return to "normal" we here at Alessandro Animal Hospital would like to advise our clients of the new protocols that we have decided to keep in place.

We request:

Appointments to made

Call and check in over the phone, once you are here for your appointment.

Wait in your vehicle until your room is ready

Only one person per family in the hospital at a time

And to stay home if you have any signs of flu-like symptoms.

Please don't hesitate to ask:

Us to wear a mask when entering your exam room

Payment over the phone for medications and food

Delivery of prepaid goods to vehicles to limit contact.

We are more than willing to accommodate any of the clients who still feel the need to take the health precautions established by the CDC.
