

With Love and Light from our family to yours!

This was taken in Columbus, Ohio, at the AHVMA meeting in September, completing my second (and FINAL) time as President of that organization.

It has been over a year since Karen's knee replacement, and she is doing great. I had some back issues, but they are improving and have not interfered with our practice.

We are here and working. We have, also, been learning, teaching, using Advanced Ozone Therapy along with all else!

Over a year ago, we made the commitment and investment to add Prolozone Therapy and PRP (Platelet Rich Plasma) injections to our toolbox. I have written some detailed articles on Ozone therapy and Joint Therapy. They are available on our web site.

A great deal of time was spent fulfilling the duties of being AHVMA President. Now that my term is over, I am proud of what we accomplished, but it is, also, a huge relief to be done.

On a sad note, we lost Travis, suddenly, earlier this year and, this September, Sarah Jane also passed.

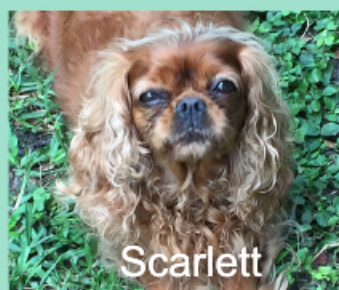

They are all so very special and fill our lives with immense joy. Even those who have passed over the Rainbow Bridge, still give us warmth and love whenever we think of them.

To us, they are never really "gone"!

Even though we have a Memorial page, it is a celebration of their lives.
