

# With Love and Light For 2021 from our family to yours

"There are decades where nothing happens; and there are weeks where decades happen"--Vladimir Ilyich Lenin.

I found this quote to be the best description of our experiences with 2020. So much has happened yet, so much has not. We wanted to wait until the end of 2020 for this card. It seemed to need for the year to be over and to face 2021 with hope.

We have all been safe as of this card but COVID has affected friends, relatives and clients and for that we are saddened. Karen and I have been cautious and isolated except for seeing our clients and some exposure while getting mother situated in her new apartment an hour from here but only an hour from my sister, Hollie. She was ready to move to where she had on site services 24 hours a day and social interaction. She found a beautiful apartment in an independent living facility just north of here. She is FINE so not to worry, she just needed a safe, social community. That is one of the many changes that happened in just weeks of her decision. We have used quiet times to work on the property and are grateful we can isolate on our 2 1/2 acres.

We did lose Tianna to age and her heart and Bessie to a car. Someone started leaving food outside the property, I am sure they had the best intentions during the pandemic but it lured cats out near the street and Bessie was a casualty. So, now we are down to Maisie and Remington but, the cat population grows. Bruce has, finally, become an in and out cat, Simon sleeps in the cat room with Goliath (who is coming into the main house) and everyone is happy.

We wish you all health and some relief from the many stresses you have endured.

Please have a happy and healthy 2021 and, as always...

With Love and Light from our family to yours!

Karen and Larry Bernstein
